Subject: Alaska Gasline Discussion

Lee,

Thank you for speaking with us today and letting us know that there will not be a 404b letter from EPA to the Corps. That is a big relief for us.

As we discussed, there are several EPA comments to the Corps on the draft SEIS for the ASAP project regarding the buried pipeline on the North Slope. I will send you those comments and hope that you will let Region 10 know your opinion.

All the best in your travels to Alaska in October. If your schedule allows, we would like to meet with you.

Frank
